

## Times Tables

Practise online and see how many points you can score!

### Maths

Practice your maths skills by using a computer, if you can, and playing maths games that test your skills. Along with this sheet, there are lots of other activities that you can do to keep your skills sharp and keep improving. Remember to use APE to answer reasoning questions!

# Y4 Home Learning

Dear Parents,

Here is an overview of tasks we'd like the children to be completing at home over the forthcoming weeks. We are committed to ensuring that your child is still learning as much as possible and endeavour to do our absolute best to keep this happening. We will be in communication with you via email as much as possible during this time.

Best wishes,

Mr Orton

### Spelling, Punctuation and Grammar

Practice the spellings on the reverse of this sheet. Can you use them in a sentence? This website is good for practising your SP&G -

<https://www.bbc.co.uk/bitesize/topics/zhrrd2p>

### Science

Find out all you can about light. Can you design an information poster using what you have found? Can you draw a diagram of how light works, with labels?

### Writing

Write every day! You could keep a diary of invented adventures or write a story about something you love. You could also write a report about something that's taken your interest in the news – remember to focus on good punctuation, using noun phrases and spelling carefully. Read your writing out to a family member, so you have an audience!

### History/Geog

Choose a country and design a factfile. Look at an atlas and learn as many countries as you can.

### PSHE

Make sure that you get as much fresh air as you can and stay active – time yourself doing physical activities and see if you can improve. Write down how you feel in a diary and talk to your other family members. Make yourself a 'happy diet' of things that make you feel good and spread them through your day.

### Reading Comprehension

Use a dictionary to check on words you don't know while you are reading. Make predictions about what you read – what will happen next? Practice summarising what you read.

### Daily Reading

Please continue to read each day. Try and read a range of texts and talk about your reading with other members of your family. You could write a book review of a book you like, or design a new front cover? Or you could write a letter to the author, with suggestions for a sequel?

Poetry challenge – choose a poem you love and learn it by heart!
